Note: The total number of Board members for each of the ten District Social Services Administration Boards (DSSABs) is set out in the District Social Services Administration Boards Act and Regulations. Any increase or decrease in the number of Board members or any change to the boundaries of an area requires a change in the provincial regulations. In the past, the province has clearly stated they would not consider a regulation change regarding this distribution unless there is a clear double majority support for the requested change. Double majority support means that a majority of the municipalities and the unincorporated representatives support the change and that those areas supporting the change also represent a majority of the electors in the DSB's geographic service jurisdiction.

Note: MPAC = Municipal Property Assessment Corporation
